Double Shower

Portable Amenities – Practical, Durable, Cost-Effective

- ✓ Electric certification (AS3000 / AS3001.1)
- ✓ 2-year structural warranty
- ✓ WELS compliant fixtures and fittings
- ✓ Designed for Australian conditions

The Portable Double Shower is the ideal solution for worksites, events, and remote locations where reliable, private shower facilities are needed.

Designed for convenience and compliance, this portable amenity unit features two separate, fully enclosed shower spaces within a single durable structure, ensuring privacy for users while providing the comfort and convenience of a modern bathroom.

Key Features

Dual-Occ Private Showers

Two separate, key-lockable private showers in one structure provide reduced wait times and increased convenience.

Certified & Compliant

WELS-rated and watermarked fittings (AS/NZS 6400:2016) with electric certification (AS3000 / AS3001.1).

Built Tough

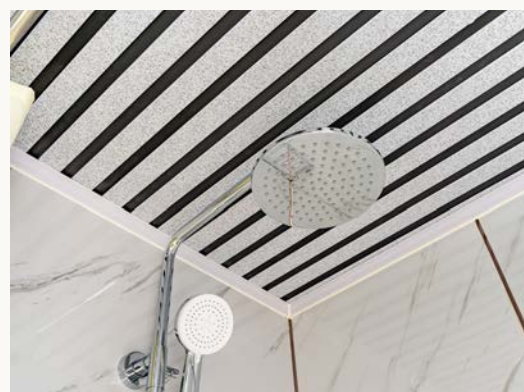

Engineered to withstand up to N3 wind rating* from heavy duty galvanised steel with thermally insulated ceiling and walls.

Easy Transport & Setup

Built with 4 corner lifting lugs and front and rear forklift pockets for quick, hassle-free transport and positioning.

Peace of Mind

Comes with a 2-year structural warranty for long-term reliability.
